Getting Published Papers of the Earlier Aero India Special Issues is much easier now. We have introduced QR code in the Aero India 2017 Special Issue of the Journal. Scanning the code gives you the Published Papers.

Guide to use QR code- The Routine QR code can get scanned with hardware devices such as Smartphone with internet, Web Camera/QR Barcode Scanner connected to a computer or Laptop with internet. Software for the Smartphone there are many QR reader applications are available in all ios, android, windows and Blackberry App-stores. One can get and install a suitable one. Open the application scan and access of the Smartphone rear camera as reader. Placing the camera frame to the printed QR code to obtain the code clear and visible on the screen. With few seconds scan it get access to the directed file. Same way to use Computer/Laptop install any QR Reader software for PC or Open online QR scanner websites. It get access to the Webcam or QR Barcode scanner connected, place the camera/ QR Code scanner frame to the Printed QR code as the code will be clear and visible on the screen. With few seconds of scan it get accessed to the directed file.
