

Priyanshu Mishra, M. Sundara Ganesan, P. Bhanumathy, C. Ravikumar and A. K. Anilkumar Mission Design Challenges in Sounding Rocket Based Scramjet Engine Test Vehicle	195
Amit Kumar Singh, Dipankar Das, V. Ashok, G. Vidya, C. Babu, S. Gnanasekar and Lazar T. Chitilappilly Full Scramjet Engine Flow Field Computation and Flight Test Data Comparison	203
R. Saravanan, Ankur Nagpal, Amitava Mandal, Satheesh Chandran, Amit Kumar Singh, B. Murugan, S. Gnanasekar and Lazar T. Chitilappilly Experimental and Numerical Simulation of a Hypersonic Air Intake for Scramjet Engine and Comparison with Flight Performance	211
K. Srinivasan, Praveen K. Maurya, Abhishek Kumar, Amit Kumar Singh, B. Murugan, S. Pandian and S. Gnanasekar Ground Testing of Scramjet Engine in 1Meter Shock Tunnel and Comparison with Flight Data	218
M. Ram Prabhu, T. V. Radhakrishnan, M. J. Chacko, C. Sarat Babu, S. Gnanasekar Aerothermal Design and Assessment of Scramjet Engine Flow-Duct and Comparison with Flight Data	227
K. A. Arun Jose, B. S. Raju, Philip K, Mathew, Sudhir S. Nair, A. Sadeesh Kumar and M. K. Suresh Design, Analysis and Qualification of Engine Frame Structure for Scramjet Engine	234
S. Renjith, R. Suresh, R. Manoj and Deependran Thermo-Structural Design, Analysis and Testing of a Scramjet Engine Propulsion Flow Duct	240
P. C. Prasanth, S. Mahendran, G. Krishnakumar, A. Rajarajan, Deepa Devapal, A. Sadeesh Kumar, L. Aravindakshan Pillai and H. Sai Ganesan Development and Qualification of Carbon-Carbon Leading Edges for Scramjet Engine Applications	250
Gagan Agrawal, Jeswin Joseph, Deepak K. Agarwal, B. Mohanlal, J. C. Pisharady, S. Sunil Kumar and C. Sarat Babu Scramjet Fuel Feed System Modelling for Flight and Ground Expulsion Trials	257

Sneha Kishor Patkotwar, Manu V. Unnithan, M. Binoy, U. A. Subramanian, B. R. Mahesh Babu, M. K. Suresh and Anil Kumar Tiwari Development of Scramjet Engine Air Intake Cowl Opening Mechanism with Damped Pyro Actuator and its Flight Performance	264
J. Paul Murugan, Thomas Kurian, J. Jayaprakash and A. Rajarajan Design Approach Adopted for Ensuring the Structural Integrity of Conduit Pipe Line Assembly Along the Solid Rocket Motor for an Air Breathing Technology Demonstration Flight	272
M. P. Assiz, K. Nandakumar, A. Jayashree, Khalid Rashid, R. Midhun, R. Vasudevan, A. Anoop Kumar, Bholanath Bhera and K. M. Gopalakrishnan Design, Analysis and Qualification of Hydrogen-Oxygen Based Gaseous Igniter	279
B. Mohan Lal, P. C. Jacob Panicker, H. Sai Ganesan, Anil George and A. Manimaran High Pressure Gaseous Hydrogen Fuel Storage and Feed System for Scramjet Engine Flight Testing	287
N. Satheesh Kumar, A. Sreekumar, N. Muthuraju, P. I. Praveen, S. Ravichandran, A. Sadeesh Kumar, C. Sarat Babu and P. Sangeeth Kumar Carbon Composite Overwrapped Titanium Lined Gas Bottle and its Qualifica- tion for High Pressure Gaseous Hydrogen Scramjet Applications	294
S. Sreelal, S. Thiruppathirajan, Smitha Jose, S. Sreekumar, P. Vinod, T. Mookiah and S. Saju Onboard Instrumentation for Scramjet Engine Flight Test	300
Harshit Kumar Gupta, K. Bijoy Jacob, N. Rakesh Kumar and S. Paul Pandian Development of a High Resolution, Spin Insensitive Acceleration Measure- ment Package for Scramjet Flight Testing	307
