JOURNAL OF AEROSPACE SCIENCES AND TECHNOLOGIES
(Published by the Aeronautical Society of India)

Dear Member,

The Journal of Aerospace Sciences and Technologies, published as a quarterly Journal by the Society, has been recognized as one of the leading Journals in the area of Aeronautical Engineering and Aerospace Sciences of the world. The Journal has a wide circulation in India and abroad. The Editorial Committee is taking every effort possible to maintain the high standards both in quality and in production.

As a Member, I am sure, you will appreciate that the cost of production and postage over the years have increased substantially. The Council is of the view that copies of the Journal should be received by the Members who are genuinely interested. As such, it has now become imperative that Members who are desirous of receiving the Journal copies should exercise their option. You are therefore requested to fill the "Option Form" and mail to the undersigned at the earliest. In the event the Option Form is not returned it will be assumed that the member is not interested in receiving the Journal copy. This process is undertaken to economise the expenditure and to meet the requirement on a need basis. I am confident you will appreciate and co-operate in this endeavour.

With best wishes,

Sincerely yours,

(R BALASUBRAMANIAM)
Editor
